

**VARIETY
BOYS & GIRLS CLUB
OF QUEENS**

2020 IMPACT REPORT

It doesn't need to be repeated that 2020 was a year unlike any other. When New York City shut down in mid-March, Variety quickly shifted to online programming while seeking out other ways to support our community.

The Club opened the doors of our Teen Center for Queens Together's weekly food pantry, ran a small summer camp for children of essential workers, brought healthy meals to residents of NYCHA Astoria Houses, and transformed the Astoria Clubhouse into a school to offer a safe space for kids to come from 8 AM - 6 PM every school day through the Learning Bridges program.

All five VBGQCQ locations have remained open, either online or in person, to continue serving the kids who need us most.
